

# Welcome to the Connected Home

With our advanced Mesh Network, you can experience extended Wi-Fi coverage throughout your home — and beyond.

## Why is Our Connected Home Wi-Fi Solutions the Best Fit for You?

- There are dead spots in your home that do not get your router's Wi-Fi signal.
- Some areas in your home have a slow Wi-Fi signal that prevents content from loading properly.
- You desire Wi-Fi that is fast enough to handle all your devices.
- One router cannot provide enough coverage for the desired areas of your home.
- You need Wi-Fi coverage in and around your home, including your yard.

\*Speeds shown above are valid for Fairplay and surrounding areas. Add a Static IP address for only \$10.00 per month. Prices do not include taxes/surcharges. Speeds and services are subject to availability. Download and upload speeds may vary. Additional fees may apply.

## Stay Safe Online with Connect Protect

Malicious software, often called malware, and computer viruses can wreak havoc on your computer and your network. These infections can disrupt operations, gathering personal information and installing programs without your knowledge or consent.

### Prevent a majority of threats

- Eliminate the frustration of maintaining and managing your AntiVirus protection by letting us do it for you!
- We will install our AntiVirus software and provide continuing support.
- No worrying about expired licenses and upgrades, we manage those details as well, so you can have peace of mind.

Get **3 MONTHS FREE** when you use the promo code: "Welcome Home"

Call (719) 837-6400 or visit us online at [SouthParkTelephone.com/AntiVirus](http://SouthParkTelephone.com/AntiVirus)

\*Offer valid for new customers who sign up for a 1-year contract. Early termination fees and some restrictions may apply. Must mention promo code to qualify.
