In support of its grant application to the State of Colorado rural broadband fund, SPT is seeking commitments from 350 lot owners within the project area, including a commitment fee of \$200 and execution of either a 3-year or a 5-year internet service agreement with SPT. The \$200 includes the cost of bringing the fiber from the main route to your residence and there are no additional fees for the installation up to your dwelling. In addition, you will be eligible to receive discount pricing for internet and phone service, as noted on the Staunton Services and Pricing Document. Your signature below acknowledges your commitment to subscribe to SPT's Fiber Optic High Speed Internet service upon its availability at your dwelling. *In the event SPT is awarded the State grant and you decide not to subscribe to SPT internet service, you will forfeit the commitment fee already paid. In the event SPT is not awarded the State grant, SPT will return all paid commitment fees.*
